**TEACHER**  
The first principle of true teaching is that nothing can be taught. The teacher is not an instructor or task-master, he is a helper and a guide. His business is to suggest and not to impose. He does not actually train the pupil's mind. He only shows him how to perfect his own means of knowledge and living and encourages him. He is not a task-master.

## Self Study Course Registration by Students

**TEACHER**  
 The first principle of good teaching is that working one by one. The teacher is not the transmitter of knowledge to a learner and a learner's business is to acquire and not to receive. The teacher should not be afraid to admit his own limitations. The teacher should be a guide and a helper, not a dictator. The teacher should be a friend and a confidant, not a stranger. The teacher should be a person who is interested in the growth of his pupils, not in the display of his own knowledge. The teacher should be a person who is interested in the growth of his pupils, not in the display of his own knowledge.

**I'M SO MUCH MORE THAN JUST A... TEACHER**  
 I am a person who is interested in the growth of my pupils, not in the display of my own knowledge. I am a person who is interested in the growth of my pupils, not in the display of my own knowledge. I am a person who is interested in the growth of my pupils, not in the display of my own knowledge. I am a person who is interested in the growth of my pupils, not in the display of my own knowledge. I am a person who is interested in the growth of my pupils, not in the display of my own knowledge.
